(these were...)

Asia/Pacific Cultural Centre for UNESCO (ACCU)

- Personality development in cognitive, affective and psychomotor aspects
- Sharing & practicing
- Sharing experience with participants
- Shared, raised + participated

(make use in PLANET project...)

- How to do monitoring in each steps of the project
- Dissemination, utilize the villages and the rural area
- Try out another monitoring approach and experiment
- Continuation of the project
- I use these kind of knowledge and skills in my future activities and sharing workshops & training
- I will apply my experience in the field
- Share with partners on the spot
- During the seminars, internet forum, workshops, monitoring

(... and beyond the PLANET project)

- To promote education in my country, especially on waste management and environment education
- To initiate activities for NFE Programmes
- In my future works
- In many ways & contexts, not necessarily only PLANET related

- I should think of that ☺

7. Please write any other comments on the back

- The field visit is take for a long time.
- No air circulation

- Very good feedback in this workshop; have a good knowledge and practice from the field “Hino city”; learned new things about the effect of dioxin; sharing and experiencing more about the international implementation forms of the PLANET program; have a chance to meet so many expertise from different countries.
- Everything is really perfect, thanks a lot.
- Thank you for making us a part of your program and for recognizing our ideas in the development + enhancement of future materials + programme.
- Thank you very much ACCU workshop organisers, thanks Tamami-san and Kono-san and Toko-san for being very supportive and also ACCU volunteers, especially Reiko. Thanks Shibao & all of you. I will have a look at PLANET 1-3; trial

Asia/Pacific Cultural Centre for UNESCO (ACCU)

some of it and send some feedback to ACCU. The participants were great fun! It was a wonderful sharing experience!

- Timeframe and agenda items were selected in a best way. Structure of participants (policy-maker, project manager and facilitator) is best option for successful implementation and sustainable follow-up of the project.
- Because I have been in ACCU many times, I see the growth & develop. Congratulation.
